

WIRELESS

Mono Headset

USER GUIDE

Product Overview

Connection Instructions

Pairing Mode:

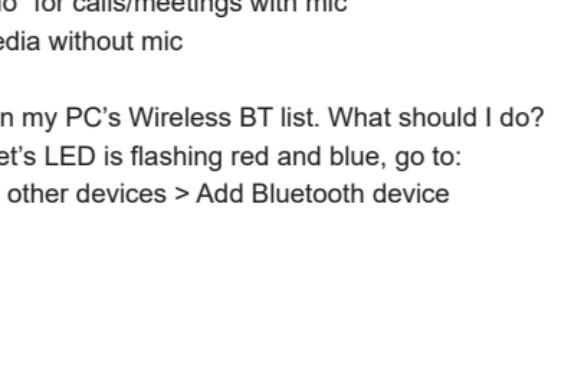

When the headset is powered off, press and hold the Multi-Function Button (MFB) for 5-7 seconds. The LED will begin flashing red and blue alternately, indicating that pairing mode is active. On your phone, PC, or laptop, enable BT and search for "TALKAIR10" in the list of available devices. Select it to pair. Once connected successfully, the LED will change to a slow blue flash.

Function Controls:

Use the MFB, Volume + / -, and Mic Mute buttons on the headset to:

- Answer / hang up calls
- Play / pause music
- Skip to next / previous track
- Adjust volume
- Mute / unmute microphone
